

TRILLIUM PHOTOGRAPHIC CLUB

TRILLIUM CLINIC GUIDELINES AND INFORMATION –

The Rules governing monthly clinics may be revised by the Executive Committee at the start each season. Changes will remain in effect for the full year. Changes will be announced at the Opening Meeting of the Club.

The Trillium Photographic Club holds Clinics for image evaluation and education. The Clinics include 35mm Transparencies, Digital Images and Prints. The Categories are Pictorial, Nature and Creative. Clinics are designed to give members an opportunity to share and learn from more experienced photographers, thus helping them to enhance their photographic skills. Clinic dates are listed in the Program.

Images submitted at designated meetings preceding the Clinics will be judged and shown on dates listed in the Program. The Award and Promotion system is described herein.

Rules governing clinics –

A maximum of 5 entries per member may be submitted for each Clinic.

An image may be entered only once. The image may not be re-entered in the same or another medium, in any Clinic, unless it has been altered through technical or digital manipulation that renders a *substantially* different result.

Once judged in a given Category and Medium, an image must remain in that Category and Medium for all club competitions.

It is the responsibility of the member to keep a record of their images entered in the different Media and Categories.

Members are encouraged to enter recent work.

All submissions *must be* the work of the entrant. Digital manipulation must be done by the entrant.

Members who are unable to enter their work on a given Clinic night, due to their serving as a judge, are permitted to enter their photographs on other Clinic nights.

Care will be taken in handling all images. The Trillium Photographic Club does not assume any responsibility for any damage that may occur to images submitted to the Club.
