#### About Trillium Photographic Club:

Trillium was formed in 1992 by the merger of the Colour Photographic Club of Burlington and the Colour Photographic Club of Hamilton.

The Club's aim is to promote the enjoyment of photography by providing opportunity for photographers to meet and exchange ideas and information. Throughout the year, in addition to regular club meeting with speakers, clinics and photographic exhibitions, there are opportunities for outings and social gatherings.

With the advances in electronic imaging, the club program includes both film and digital photography in projected and printed media. We welcome new members, new ideas and new challenges.

Trillium is a participating Member of the Canadian Association for Photographic Art (CAPA) and the Greater Toronto Council of Camera Clubs (GTCCC). Traditionally Trillium has placed among the top clubs in competitions hosted by these organizations.

Trillium also joins with three other photographic clubs in the area for an annual photographic exhibition and social evening held at the Burlington Art Centre in February.

*Join us to learn, improve  
and enjoy your photography.*
